UTSA Laboratory Safety

PROTOCOL SPECIFIC TRAINING

Purpose: This document is to ensure that laboratory personnel have read all protocol specific documentation. Examples of documentation can include Safety Data Sheets (SDS) for protocol specific chemicals, protocol Standard Operating Procedures (SOP), equipment manuals etc. In addition, personnel must be provided with training in any techniques or procedures they are unfamiliar with.

PI / Supervisor:	
Laboratory:	

By signing below, I certify that I have read all the protocols, SOPs, SDS and other documentation associated with research in this laboratory and have asked any questions to ensure I fully understand the material. I will read any materials added or updated after my original signature date and sign again.

NAME	SIGNATURE	UTSA ID (abc123)	DATE

*All documentation provided to laboratory personnel must have dates of when they were added or became active.
