

CHARLES RIVER

ANTIBODY PRODUCTION SERVICES

<http://www.criver.com/en-US/ProdServ/ByType/AntibodyProd/Pages/home.aspx>

- Development and production of antigens, polyclonal, and monoclonal antibodies
- antibody purification and labeling

CLINICAL SUPPORT SERVICES

<http://www.criver.com/en-US/ProdServ/ByType/Clinical/Pages/home2.aspx>

Laboratory and analytical services; developmental and reproductive toxicology and other specialty toxicology areas.

- Bioanalysis
- Central Laboratory Services
- General and specialty toxicology
- Pathology
- Consulting services

GENETIC TESTING SERVICES

<http://www.criver.com/en-US/ProdServ/ByType/genetictesting/Pages/home.aspx>

Full-service genotyping laboratory; design, optimize, and validate genotyping assays.

GENETICALLY ENGINEERED MODELS & SERVICES

<http://www.criver.com/en-US/ProdServ/ByType/GenEngModels/Pages/home2.aspx>

- IVF Rapid Expansion
- Speed Congenics
- Breeding and Colony Development
- Cryorecovery

PATHOLOGY SERVICES

<http://www.criver.com/en-US/ProdServ/ByType/Pathology/Pages/home2.aspx>

- Archiving, developmental & reproductive pathology
- Electron microscopy
- Histomorphometry
- Immunohistochemistry & tissue cross-reactivity
- Medical device pathology
- Molecular pathology
- Musculoskeletal
- Neuropathology
- Toxicologic pathology
- On-site necropsy & histopathology support.

RESEARCH ANIMAL DIAGNOSTIC SERVICES

<http://www.criver.com/en-US/ProdServ/ByType/ResAnimalDiag/Pages/home2.aspx>

- Animal health surveillance
- Environmental monitoring
- Cell line/research biologics screening
- Program design and diagnosis.

SURGICAL SERVICES

<http://www.criver.com/en-US/ProdServ/ByType/Surgical/Pages/home2.aspx>

- Vascular catheterizations
- Non-vascular catheterizations
- Cardiovascular procedures
- Soft tissue procedures
- Neurological procedures
- Device implants
- On-site surgical support
- Customized surgical procedures

For a complete list of products and services, go to <http://www.criver.com/EN-US/PRODSERV/Pages/ProductsServices.aspx>.

IDEXX RADIL

LABORATORY ANIMAL DIAGNOSTICS

http://www.idexxradil.com/radil/Health_Monitoring/Health_Monitoring_Overview/

- Necropsy
- Serology
- PCR
- Microbiology
- Parasitology
- Histopathology/Histology
- Phenotyping/Genotyping

BIOLOGICAL MATERIALS TESTING

http://www.idexxradil.com/radil/Biological_Materials/Biological_Materials_Testing/

A suite of services to evaluate the quality and integrity of biological materials.

PRECLINICAL SERVICES

<http://www.idexradil.com/preclinical-research/index.html>

- Biochemistry
- Hematology
- Immunology
- Microbiology
- Molecular biology
- Histology
- Anatomic pathology

For a complete list of products and services, go to <http://www.idexradil.com/>.

ANTECH DIAGNOSTICS

LABORATORY SERVICES

- Chemistry
- Pathology
- Endocrinology
- Serology
- Hematology
- Microbiology

IMAGING SERVICES

<http://www.antechimagingervices.com/>

For a complete list of products and services, go to <http://www.antechdiagnostics.com/main/Resource.ashx?sn=ServiceDirectory1#/30/>

HARLAN LABORATORIES

SURGICAL SERVICES

http://www.harlan.com/products_and_services/research_models_and_services/surgical_services

GENETIC TESTING SERVICES

http://www.harlan.com/products_and_services/research_models_and_services/genetic_testing_services

- Gene Expression Services
- Genotyping Services
- Inbred Strain Verification
- Speed Congenic Services

CUSTOM ANTIBODY PRODUCTION

http://www.harlan.com/products_and_services/research_models_and_services/custom_antibody_production

- In Vivo (Ascites) Monoclonal Antibody Production
- In Vitro Monoclonal Antibody Production
- Antibody Purification Services
- Hybridoma Development
- Processing and Cell Line Services
- Polyclonal Antibody Production
- Conjugation and Fragmentation Services
- Mouse Antibody Production (MAP) Testing
- Whole Embryo Culture Serum
- Cytokines and Growth Factors

RESEARCH MODELS SERVICES

http://www.harlan.com/online_literature/research_model_services.html

- Rodent Support
- Biological Products and Services
- Containment Solutions
- Health Monitoring
- Transgenic Services

For a complete list of products and services, go to http://www.harlan.com/products_and_services.

BIORELIANCE

BIOLOGICS SAFETY TESTING

http://www.bioreliance.com/biologics_safety_testing.aspx

- Cell and Virus Characterization
- Raw Material Testing
- Bulk Lot Release Testing
- Final Product Release Testing
- Clearance Services
- Analytical Services
- Biodistribution Services

BIOMANUFACTURING SERVICES

http://www.bioreliance.com/biomanufacturing_services.aspx?mid=66

Production, isolation, and purification of biological products for therapeutic development.

- Cell Bank Manufacturing
- Virus Bank Manufacturing
- Vaccine Manufacturing

TOXICOLOGY

<http://www.bioreliance.com/toxicology.aspx?mid=76>

- Genetic Toxicology
- Analytical Services
- Contract Pathology Services

Animal Health Services

http://www.bioreliance.com/animal_health_services.aspx?mid=84

- Serology / PCR
- Cell Line Testing
- Reagents
- Clinical Pathology

For a complete list of products and services, go to

<http://www.bioreliance.com/services.aspx?mid=19>.

TACONIC

TRANSGENIC SERVICES

<http://www.taconic.com/wmspage.cfm?parm1=962>

CUSTOM RESEARCH MODELS

<http://www.taconic.com/wmspage.cfm?parm1=4192>

CUSTOM BREEDING

<http://www.taconic.com/wmspage.cfm?parm1=577>

TESTING

<http://www.taconic.com/wmspage.cfm?parm1=719>

SURGERY

<http://www.taconic.com/wmspage.cfm?parm1=667>

For a complete list of products and services, go to
