Cibolo Preserve Operating Procedures

1. Upon entry to Cibolo Preserve ("Preserve"), each individual must sign-in at the gate box to record the visit and confirm the terms of use and release provisions.
2. The Preserve is available for approved projects on the following schedule:

| Tue-Wed-Thur 8am to 5 pm | Monday and Friday Closed for Maintenance | Sat, Sun, National Holidays Closed |

3. Individuals must have operational mobile telephones with them while on the Preserve for use in case of emergency.
4. The entrance gate remains closed but not locked during project hours so that EMS can access the Preserve in an emergency.
5. Dial 911 for EMS. Your address is 24 City Park Road, Boerne, Texas. Tell EMS the nearest Locator Station (A, B or C) shown on your Preserve map.
6. While conducting project activities at the Preserve, there must be at least two individuals present and participating in the project at all times.
7. Individuals must stay on Preserve property and may not enter HerffFalls Wildlife Management area which has its boundaries marked by road signs rather than a fence.
8. All vehicles must stay on the Preserve's roads. The maximum speed is 15 mph.
9. No new roads or structures may be created or erected on the Preserve.
10. Do not cross Cibolo Creek if the water level is high.
11. Avoid working next to the Great Blue Heron Rookery during nesting season: January to July.
12. No dogs or other pets are allowed on the Preserve.
13. No individuals under 18 years of age are allowed on the Preserve.
14. No guests are allowed on the Preserve. Only authorized persons working on or conducting projects have permission to be on the Preserve.
15. Remove promptly any trash created by visit.
16. Remove nothing from property (fossils, arrowheads, bones, antlers, plants, animals, etc.) unless prior approval in writing is issued by the Preserve.
18. No illegal activities.
19. One portalet will be maintained on the Preserve for use by project personnel.
20. Leave no equipment on the Preserve without prior approval of the Preserve. The Preserve assumes no liability for equipment left on site.
21. Respect the ongoing projects of other research personnel on the Preserve.
22. Call 210-222-9933 to report when you have finished for the day and are exiting the Preserve.
23. Personal safety is of high priority. Exercise caution and wear appropriate footgear and clothing at all times.
24. Report any personal injury at once to your research organization (UTSA or CNC or TPWD).
25. Cibolo Canyon and Herff Falls are OFF LIMITS to all persons without a written permit from Cibolo Preserve.

In order to conduct research or teaching at the CIBOLO Preserve, I___________________ have read and agreed to the above CIBOLO operating procedures.
