

A limited submission opportunity is available from the [Johnson & Johnson Early Career Scholars Program \(“Scholars Program”\)](#) and has been posted to the [UTSA Limited Submission webpage](#).

WiSTEM²D J&J Scholars Program

The J&J WiSTEM²D Scholars Award Program will help develop female leaders and support innovation in the STEM²D disciplines (Science, Technology, Engineering, Math, Manufacturing, Design) by funding six women at critical points in their research careers through a Scholar’s Award.

Application Limit

Each University and/or Academic Institute can support and recommend one applicant per each STEM²D discipline. Therefore, each University and/or Academic Institute can support a total of 6 applicant submissions (Science, Technology, Engineering, Math, Manufacturing, Design)

Eligibility

You must be a woman working in the field(s) of Science, Technology, Engineering, Mathematics, Manufacturing and Design (STEM²D).

You must be a non-tenured assistant female professor or global equivalent faculty position at the time of application at a tenure granting accredited academic university, institution or design school.

The female scholar should have a minimum degree for the appropriate field:

- Science; PhD
- Technology; PhD
- Engineering; PhD
- Math; MS, PhD
- Manufacturing; PhD
- Design; MA, MS, MDes, MArch, MFA, MLA, PhD

Award Amount

The Scholars Award is a 3-year award in the gross amount of \$150,000, which will be paid to the University (the “Recipient”) for the benefit of the J&J Scholar and her research, with the understanding that the Recipient will administer the funds. The Scholars Award will be paid in three (3) installments of US \$50,000 per year of the 3-year scholarship period, payable in 2018, subject to compliance with the terms and conditions of the program’s Agreement.

Timeline:

Internal Proposal Due: September 29, 2017

Nominee Selection Notifications: October 9, 2017

Application Due to J&J Scholars: October 31, 2017
