THECB Minority Health Research and Education Grant Program (MHGP) Overview:

MHGP was established to provide funding to eligible institutions of higher education to conduct research and educational projects on public health issues affecting one or more minority groups in Texas.

This specific Request for Applications (RFA) solicits recruitment and/or retention projects from eligible public and private institutions of higher education that propose to enable more underrepresented minority students in Texas, especially African Americans and Hispanics, to enroll in and graduate from degree programs in specific health professions that previously reported a low percentage of African American and Hispanic graduates.

- Two-year institutions, including community colleges, state colleges, and technical colleges, are not eligible to submit a grant application. However, an Eligible Applicant is encouraged to partner with one or more two-year institutions in applying for this RFA.

Application Limit:

An Eligible Applicant may submit a maximum of one (1) Application.
