

## Limited Submissions Announcement

A limited submission opportunity is available from the National Science Foundation and has been posted to the [UTSA Limited Submission Opportunities webpage](#).

### National Science Foundation Research Traineeship (NRT) Program

The NSF Research Traineeship (NRT) program is designed to encourage the development and implementation of bold, new, and potentially transformative models for STEM graduate education training. The NRT program seeks proposals that explore ways for graduate students in research-based master's and doctoral degree programs to develop the skills, knowledge, and competencies needed to pursue a range of STEM careers.

The program is dedicated to effective training of STEM graduate students in high priority interdisciplinary research areas, through the use of a comprehensive traineeship model that is innovative, evidence-based, and aligned with changing workforce and research needs.

Proposals are requested in any interdisciplinary or convergent research theme of national priority, with special emphasis on the research areas in [NSF's 10 Big Ideas](#).

- Harnessing the Data Revolution (HDR)
- The Future of Work at the Human-Technology Frontier (FW-HTF)
- Navigating the New Arctic (NNA)
- Windows on the Universe: The Era of Multi-Messenger Astrophysics (WoU)
- The Quantum Leap: Leading the Next Quantum Revolution (QL)
- Understanding the Rules of Life: Predicting Phenotype (URoL)

Proposals that align with one of the NSF Research Big Ideas should contain a title to reflect that alignment, as described in the program solicitation (e.g. NRT-HDR: title or NRT-QL: title).

### Eligibility

- The PI must be on the faculty of the submitting institution.
- An individual may serve as Lead Principal Investigator (PI) or Co-PI on only one proposal submitted to the NRT program per annual competition.

### Application Limit

**UTSA may participate in two (2) proposals per competition.** Participation includes serving as a lead organization, non-lead organization, or subawardee on any proposal. Organizations participating solely as evaluators on projects are excluded from this limitation.

### Award Amount

NRT Awards are expected to be up to five (5) years in duration with a total budget up to \$3,000,000.

### Cost Share Requirement

Inclusion of voluntary committed cost sharing is prohibited.

## Limited Submissions Announcement

### **Internal Evaluation Criteria**

The attached review matrix will be utilized for internal review/scoring. Pre-proposals should be responsive to these criteria. **Limited submission applications must contain a title to reflect which of the six NSF Big Research Ideas your proposal is aligned to (e.g. NRT-HDR: title or NRT-QL: title).**

### **Timeline**

Internal Notice of Intent Due (Required)	Limited Submission Application Due	Selection Notification	Letter of Intent Due to Funder	Application Due to Funder
September 18, 2019	September 25, 2019	October 11, 2019	December 6, 2019	February 6, 2020
