

Limited Submissions Announcement

A limited submission opportunity is available from the Pew Charitable Trusts and has been posted to the [UTSA Limited Submission Opportunities webpage](#).

Pew Biomedical Scholars Program Overview

The Pew Scholars Program in the Biomedical Sciences provides funding to young investigators of outstanding promise in science relevant to the advancement of human health. The program makes grants to selected academic institutions to support the independent research of outstanding individuals who are in their first few years of their appointment at the assistant professor level.

Eligibility

Candidates must meet all of the following eligibility requirements:

- Hold a doctorate in biomedical sciences, medicine, or a related field.
- As of Sept. 10, 2020, hold a full-time appointment at the rank of assistant professor. (Appointments such as research assistant professor, adjunct assistant professor, assistant professor research track, visiting professor, or instructor are not eligible).
- Must *not* have been appointed as an assistant professor at any institution prior to June 15, 2017, whether or not such an appointment was on a tenure track. Time spent in clinical internships, residencies, in work toward board certification, or on parental leave does not count as part of this three-year limit. Candidates who took parental leave should contact Pew's program office to ensure that application reviewers are aware of their circumstances.
- May apply to the program a maximum of two times. All applicants must be nominated by their institution and must complete the 2021 online application.
- If applicants have appointments at more than one eligible nominating institution or affiliate, they may not reapply in a subsequent year from a different nominating entity.
- May not be nominated for the Pew Scholars Program and the Pew-Stewart Scholars Program for Cancer Research in the same year.

Application Limit

One nomination will be invited from each of the participating institutions.

Award Amount

The current grant level is \$300,000 (\$75,000 per year for a four-year period).

Application Process

See the attached Internal Proposal Instructions for this application. These instructions supersede the standard limited submission application guidelines.

Limited Submissions Announcement

Cost Share Requirement

Cost sharing is not a requirement for this program.

Internal Evaluation Criteria

The attached review matrix will be utilized for internal review/scoring. Pre-proposals should be responsive to these criteria.

Timeline
