

# NSF CAREER INFORMATION SESSION

**Hosted By: UTSA Office of Strategic Research Development**

**Date: Thursday, January 26, 2023**

**Time: 1:30pm**

## About NSF CAREER

The National Science Foundation CAREER program offers NSF's most prestigious awards in support of early-career faculty who have the potential to serve as academic role models in research and education and to lead advances in the mission of their department or organization. Activities pursued by early-career faculty should build a firm foundation for a lifetime of leadership in integrating education and research.

NSF CAREER is part of UTSA's Targeted Scholarly Awards program and Strategic Research Initiatives offers proposal development support to all CAREER PIs.

CAREER applications are due July 26, 2023 and proposal development support is offered throughout the spring semester.
