

BEYOND THE HYPE: HOW TO RESPONSIBLY LEVERAGE GENAI TO HELP WITH YOUR RESEARCH

12:00 pm - 1:30 pm | Friday, February 23, 2024

John Peace Library | Assembly Room | 4.04.22

& VIA ZOOM

Presented by: **Posie Aagaard**, Associate Vice Provost for Scholarly Resources, Library & **Hejin Shin**, Head of Digital Scholarship, Library

GenAI is everywhere. It can stir mixed feelings of awe, excitement, skepticism, and more. Researchers are already using GenAI to automate their workflows. New GenAI tools – both free and commercial – advertise tantalizing capabilities, but are they right for you? What questions and concerns should a researcher consider when selecting and using a GenAI tool? We'll discuss some of these questions and demo several GenAI tools being used in the academic research workflow.

Please contact **Siobhan Fleming** for more information.
